Applications have been filed to authorize CEUs/Contact Hours with the ICAADA, the American Compulsive Gambling Counselor Certification Board, National Gambling Counselor Certification Board and Kentucky State Boards of Psychology and Social Work.

UNIQUE LEARNING OPPORTUNITY

Partnerships for the Future: Examining the Impacts of Problem Gambling on Society

expands a regional approach to an educational and awareness conference on problem and pathological gambling and other counseling issues. By combining resources and support, the conference is able to offer presentations by internationally recognized experts on the treatment of problem and pathological gambling. Presentations are targeted to new and experienced clinicians as well as others -- such as government officials, clergy, human resource professionals, and gaming industry staff -- who need insight into identifying and addressing disordered gambling behavior. What began four years ago as a partnership between the Indiana and Kentucky Councils on Problem Gambling, with financial and sponsorship support from their respective state agencies on mental health and addictions/substance abuse, has expanded into a conference sponsored by six Councils in the MidCentral U.S.

Sponsored By

*Indiana Division of Mental Health & Addictions
Kentucky Division of Mental Health
& Substance Abuse*

*Kentucky Council on Problem Gambling
Indiana Council on Problem Gambling
Illinois Council on Problem Gambling
Michigan Association on Problem Gambling
Ohio Council on Problem Gambling
West Virginia Council on Problem Gambling*
